CONTRACT ACCEPTANCE

We understand there will be a time of transition when the student's work may not be up to the expected standard of students at SJHS due to learning in another language, cultural transition and the extra demands that it requires. However, if a student refuses to try to accomplish the work and assignments, is excessively absent, or does not make an effort to study and improve his/her academic standing, dismissal may occur at the semester break.

Any student, who is expelled, dismissed, withdraws or transfers for any reason will not receive a refund. All other tuition nonrefundable.

I agree that my payments must consist of: 1) USD \$7,875 non-refundable deposit (before the I20 can be issued by SJHS and) before the first week of school; and 2) the remainder of the fee (\$7,875) be paid no later than December 15, before the start of the second semester at SJHS. I understand and agree to pay SJHS a total of \$15,750. I understand and accept all of the SJHS tuition fees and policies, including the non-refundable components of this payment. I also understand and agree to the policies set forth in the SJHS Parent-Student Handbook (a copy of which is available on the school website www.SaintJosephHS.com).
